Panel I: Human Ecology of AYA Male Health & Healthcare

11:20 am – 12:30 am

11:20 am – 11:25 Framing by Facilitator **David Bell, MD, MPH**

Human ecology is the interdisciplinary and transdisciplinary study of the relationship between humans and their national, social and built environments

This panel will discuss AYA male health from four different lenses: family and community, health care services, education, and from the lens of a young male.

Key questions are: 1) What are the unique needs of AYA males in each of these domains; 2) How are they being addressed; 3) How could they be better addressed; and 4) How can young males be engaged in efforts to address them?

11:25- am – 11:45 am Introduction of Panelists and Opening Remarks

12:45 pm – 1:45 pm **Action Group Session I (Working Lunch)**

NOTE: Throughout the summit, for all action group sessions, groups of seven people each will work toward developing a set of recommendations for the national campaign that are based on a focused set of key questions. At the end of the second day they will meet to synthesize their work from their previous three sessions and to present their syntheses to the entire summit.

Action Group Session I will be divided as follows:

- *Facilitator reviews function of action groups/Q&A*
- *Introductions*
- *How the subject of the conference relates to your work/what would you like to see come out of the conference/a national campaign*
- *(time remaining) Thoughts on the panel presentation*

1:45 pm – 2:00 pm Break

Panel II: A Syndemic Perspective on AYA Male Health

2:00 pm – 3:00 pm

2:00 pm – 2:05 pm Framing by Panel Facilitator **Mary Ott, MD, MA**

The concept of “Syndemics” literally means the aggregation of multiple concurrent or sequential epidemics reflecting the multiple social processes and determinants that co-occur and intersect to create unique profiles of risk and resiliency for AYA male youth.

This panel will discuss four major issues that impact AYA males’ ability to thrive: community health and social justice, masculinity and gender violence (including Title 9 and #MeToo), economic marginalization and community/family support.

Key questions are: 1) What are the “syndemics” impacting AYA males today; 2) How are they being addressed; 3) How could they be better addressed; and 4) How can young males be engaged in efforts to address them?

2:05 pm – 2:25 pm Introduction of Panelists and Opening Remarks
